PROFILE

Computer Science student with a solid foundation in programming (C and C++), Data Structures and Algorithms. I build web projects using HTML, CSS and JavaScript, and I work with analytics tools such as Microsoft Office and Power BI. Certified English level B1. I'm looking for junior/remote roles where I can deliver clean, well-structured solutions with a results-driven mindset.

SKILLS

Languages: C, C++, Python (básico), JavaScript
Web: HTML, CSS, JavaScript
Data: Power BI, Excel (intermedio), DAX (básico)
Other: Microsoft Office, Git/GitHub, Prompt Engineering (básico)
Languages: Español (nativo), Inglés (B1), Portugués (empírico)
